Candaba Pampanga

SKILLS

- Proficiently manage Windows and Android operating systems, covering installation, reformatting, maintenance, and troubleshooting.
- Excel in using MS Word, Excel, and PowerPoint for comprehensive document creation and data analysis.
- Strong problem-solving skills for diagnosing and resolving hardware and software issues.
- Possess a solid foundation in effectively navigating internet browsers and utilizing search engines.

ADDITIONAL SKILLS

- Assisted in the development of marketing materials, including brochures, flyers, and social media graphics, utilizing Adobe Creative Suite.
- Collaborated with the marketing team to conceptualize and design visual assets for email campaigns, website updates, and promotional materials.
- Executed various design tasks with attention to detail and adherence to brand guidelines, resulting in visually appealing and effective marketing collateral

OBJECTIVE

In pursuit of enhancing my existing knowledge and skills acquired through academic endeavors, I am eager to immerse myself in practical experiences that will further complement my capabilities. In exchange for this invaluable opportunity, I am committed to contributing my dedicated service and unwavering determination to positively impact your company throughout the entirety of my training period.
